- **Oct 1** - Garage Sale *see online flyer for address*
- **Oct 8** - Krispy Kreme Fundraiser
- **Oct 24** - Halloween Candy Deliveries to families

We need volunteers for these events! Call us at 909.613.9161 to volunteer

Check online calendar for new events, details and updates

our mission

We provide support and services to families of children diagnosed with life-threatening medical conditions, thereby restoring the sense of normalcy in the home environment.

youth mission

As a team, we bring awareness to life-threatening pediatric illnesses through philanthropy, leadership, and interaction with the families we care for, while developing key life skills and inspiring other youth to get involved.

KIDS 4 KIDS

"Kids 4 Kids" events are organized by The Let It Be Foundation's Youth Leadership Program—instilling confidence in youth volunteers as we care for children and families.

Get Your Ice Cold Lemonade!

By Steven Bock, Junior @ Chino Hills HS

This year I had the pleasure of working one of our 20 lemonade stands that took place all around our community. The lemonade stands are a great way for the foundation to spread awareness while raising funds. The reason I really enjoy the lemonade stands is because our leadership qualities really shine at this event. Whether it is when we are setting up our stands or talking to the people of our community about what our foundation is really about. The lemonade stands always give me a lot of joy because when you take a step back from the day, you realize that all the money we raised is going to help a kid in our community who is battling a serious illness. It's also fun because our friends get to volunteer with us. Thanks to everyone who came and helped!

Teen Leaders in the Making

By Alissa Powers, Junior @ Ayala HS

Our Summer Youth Leadership Summit was an amazing experience! It provided our Junior Advisory, Junior Links, and Foothill Ranch Teams the opportunity to grow and bond. We used teamwork to brainstorm creatively, and it was interesting to see how incredible, original goals could be set using everyone's ideas. We also had activities that helped us learn more about ourselves, which helped us grow in character. My favorite part of the summit was having three past and current Let It Be kids speak to us about their journey. It was very inspirational and informative. We learned about their experience, what that they go through, and how the foundation helps them through their struggles. The Leadership Summit was fun, educational, constructive, and a great way to start the year.

Introducing...Let It Be Clubs at Ayala & Chino Hills High

Clubs on campus are a great way for teens in our community to be involved with The Let It Be Foundation. It's for students who want to make a difference in the lives of the families we care for and see the overall joy that results. To join at Ayala High School, find the Let It Be table at club week. See you there!

Contact Samantha Weinstein, Ayala HS Senior

Philanthropy, friendships, fun! What else could it be but Let It Be Clubs on Campus?! The CHHS club will give passionate Huskies the ability to keep Karla's giving spirit alive by helping others and building friendships with a wide range of individuals (including activities with their sister club at Ayala!) Contact me for details! You don't want to miss out on this club! :)

Contact Kacie Finneran, Chino Hills HS Junior

Check out the Let It Be Club table at your school's club rush week!

Featured Teen: All-Stars Go Jogging for LIB

Anna Joslen and her friends at Hope Lutheran School in Glendora hosted a school-wide jog-a-thon fundraising project in May and donated all the money they raised to The Let It Be Foundation. The 7th and 8th grade classes were working on a big class project to help a positive community cause. Anna brought up the idea to donate the money to Let It Be and the students voted yes. Their plan was simple and everyone pitched in. Anna and her classmates had pledge sheets with info about the foundation (which they got from our website) and they asked family and friends to sponsor them as joggers at the school fundraiser. Their initial goal was to raise \$1,000 and instead they made over \$3,000! Special thanks to Anna and all the students at Hope Lutheran School for being all-stars!

Celebrating Jose!

July 27, 2004 - September 4, 2011

On Wednesday, September 14, we celebrated Jose Verduzco's courageous life with his family, friends, and members of our community. Jose was one of the amazing Let It Be kids that we cared for.

As a team, we got to visit Jose at his home, bring him gifts and handmade cards during his 7th birthday party and we had him and his family join us during our "Kids 4 Kids" Lemonade Stands this year. The Chino Police Department even inducted Jose as an honorary policeman, where he got to go on his first assignment in a helicopter!

Jose's smile and kind heart could light up anyone's day. He is an inspiration of strength and courage to us all. We love the Verduzco family and we will miss Jose very much.

New LIB Youth Team: Foothill Ranch

By Alex Joo, Freshman @ Trabuco Hills HS

Being chosen to be a part of the first Foothill Ranch youth leadership team is a privilege and I am very excited to be a part of this organization. Here are just a few of the things that have inspired me so far this team season.

A few months ago, the foundation organized an event for the youth leadership teams and all the Let It Be families to attend an Angels' game. It was so great to share that experience with other members on the team and the families we support! In July we had a leadership summit in the city of Chino where we were introduced to the entire youth leadership team of Chino Valley, and they welcomed the kids from Foothill Ranch with open arms. Also at the summit, I met Alyssa, a fourth grader who is currently going through cancer treatment with the support of the entire foundation. I feel honored to have met Alyssa and to know Jacob Wayne, Sara Polito, and Jared Weissman. They have not only fought cancer but are also giving back to the foundation by being active on our team. Most recently, I worked at the Foothill Ranch lemonade stands, and even though it was a long and tiring day, I enjoyed every minute of it and I was so proud of our work!

fun fact

Leonardo Da Vinci was dyslexic, and he often wrote backwards.

itunes download

Download "See It Through Me" by Haleigh Bowers. All song proceeds benefit The Let It Be Foundation!
